

THE HARVEST

Equation of Salvation

TN3: 99.1

Sr. Edna Twara

Kenya Division

Tune: SDAH 206

-1-

The equation of Salvation,
Starting from the fall of man,
Wholly spans seven thousand years,
To the time of redemption.

-Chorus-

Seven thousand years equals to,
One week in Eternity,
From the sinning of the first two,
To when sin shall no more be.

-2-

The Equation of Probation,
Sums up to six thousand years,
From creation to the time when,
There is close of probation.

-Chorus-

God's great wisdom working in style,
Formed the plan of redemption,
Giving man another trial,
Thus the second probation.

-3-

From the time of man's creation,
To the time he fell in sin,
Five score and one point eight five years,
Were his Eden duration.

-Chorus-

Precious is the Spirit of Truth,
Unrolling the scroll to us,
What a priceless gift divine, strewth!
Praise and glory to Jesus.

-4-

When probation end shall arrive,
From the fall of man in sin,
Takes five thousand eight hundred years,
Ninety-eight point one and five.

-Chorus-

O may this realization,
Stir the heart for songs of praises,
Unto Him for adoration,
The Desire of all Ages.
